WELCOME TO OUR DYNAMIC CHAMBER MEMBERSHIP DIRECTORY

Our Chamber was selected by the Association of Chamber of Commerce Executives in June of last year as one of the two best chambers in America serving communities of 100,000 or less. That says a lot about our quality of programming, staffing and publications, member services, as well as seminars and networking opportunities.

The Valparaiso community has been cited by Google, and other well-known authorities, as having an ideal quality of life and high connectivity with the internet. Valparaiso has been selected as Indiana's Community of the Year by the Indiana Chamber of Commerce. Our parks, our civic engagement by our citizens, as well as being a Division I basketball program through Valparaiso University make this college town a great atmosphere to raise a family.

We ended the year with 800 members that represent nearly every classification of business you would want in a community; this directory lists all our members and is an outstanding showcase of business services. I invite you to use this every time you are looking for a product or service for your business and home needs.

Remember, buying from our members keeps dollars local and supports the businesses that pay taxes locally and support the numerous community organizations and charities that service this area.

I wish you continued success.

Comfort, Quality, Dependability.

That's what our customers experience. Many families wish they'd replaced their old heating and cooling systems sooner! You may think a new system is "too much" until you realize your old system's real cost.

It's just like an old car. It may be cheap, but after adding repairs, unreliability, and poor mileage... is it worth it? The same is true for a heating and cooling system.

Kent Heating and Air Conditioning specializes in high efficiency systems that can save you money now and for many years to come. Call to see just how great the return on your investment can be!

INTELLECTUAL PROPERTY EXCLUSIVELY.

Can people leave the workplace healthier than they arrive?

Technology lets us work nearly anywhere. This means it's as important as ever to meet the physical, cognitive and social needs of today's office worker. It's time to move beyond traditional ergonomics, to ideas that encourage workers to move and change postures throughout the day. It's time to focus on worker wellbeing and re-think how the workplace can engage workers.

Wellbeing is not just good for people; it's good for business.

COMING FALL 2019

The expansion will add nearly 15,000 square feet of meeting and event space, giving Blue Chip more than 45,000 square feet of rent-able space.

Blue Chip currently features nearly 31,000 square feet of event and meeting space, including the 15,000 square foot Stardust Event Center. The expansion will add another 14,800 square feet of event space, including a new 11,000 square foot ballroom divisible into size smaller rooms and 3,800 square feet of pre-function space.

The center of your financial life is all in the family

Let us help you take care of what matters most

Getting to know you and what you care most about—planning for college, taking care of an elder family member, passing a legacy to future generations, buying a second home—is so important. Once we understand your priorities, together, we can help you pursue the goals you've set for yourself and your family. Call to learn more today.

BETTER

equipped for our business.

Why bank bigger... bank better with a bank that puts your business first.

"I can do everything with a phone call to Peoples Bank. It can be 6 am or late at night, and I always get a call back, usually within 15 minutes. When it comes to my business, I am pretty driven. For my financial needs, Peoples is too. There's always someone available that's knowledgeable with options to fit my needs." – Kurt Kropp, CEO & Owner
